

## 201-4350 Repair Skills Practice Kit

## Instruction: INS1079

### Page 1 of 1

1. This kit is designed to help operators brush up on their circuit board repair skills and to use for practice prior to certification.
2. The kit includes a circuit board with a variety of plated holes, surface mount pads, replacement circuit tracks, eyelets and epoxies.
3. Look for circuit traces, surface mount pads and plated holes on the circuit board that are the same configuration as the various replacement materials supplied with the kit.
4. Induce damage at these locations similar to the type of damage you may see at your facility.
5. These kits do not include soldering tools or bonding irons for bonding the replacement pads and lands.

For detailed instructions covering a range of repair and rework procedures see [www.circuitrework.com/guides/guides.html](http://www.circuitrework.com/guides/guides.html)

See the following instructions pages for more information.

INS1065 Color Agents
INS1063 Circuit Bond Epoxy
INS1060 Circuit Frames
INS1061 Circuit Tracks
INS1064 Eyelets

**201-4350 Repair Skills Practice Kit****Instruction: INS1079****Page 1 of 2**

Includes the following items.

<b>Qty</b>	<b>Part No. / Item</b>
1	115-3136 Abrader
1	115-3108 Practice Circuit Board
1	115-5210 Circuit Track, .002" x .010" (.051 mm x .254 mm)
Pkg/5	235-2106-5 Cleaning Brushes
Pkg/25	115-7306-25 Eyelet, Flat Flange
Pkg/5	235-2102-5 Foam Swab, 3/16" Tip
Pkg/60	235-3050 High Temp Tape Discs
Pkg/5	355-3102-5 Micro Probes
5	115-3312 Plastic Cup

<b>Qty</b>	<b>Part No. / Item</b>
2	115-3302 Circuit Bond Epoxy
1	CFV003AS Circuit Frame
1	115-5520 Circuit Track, .005" x .020" (.127 mm x .508 mm)
1	115-9348 Color Agent, Green
Pkg/25	115-7456-25 Eyelet, Flat Flange
Pkg/5	235-2108-5 Foam Swab, Large
1	355-0614 Knife with #16 Blades
Pkg/5	115-3315-5 Mixing Picks
